Register Today!

The 17th Philadelphia General Hospital (PGH) Lecture Series in collaboration with the J. Mark and Ann Claffey Baiada Professorship in Nursing & Home Health Care presents "SelfCare for HealthCare" by LeAnn Thieman, LPN, CSP.

LeAnn Thieman has over four decades of in-the-trenches nursing experience and thirty

years assisting hospitals and organizations to recruit and retain caregivers. In this presentation, LeAnn encourages, uplifts, and honors nurses, championing their daily contributions and sacrifices. By encouraging them to balance their lives, she offers nurses, their families, friends, and the community a "care plan" to care for themselves as they care for others.

The lecture will take place on Saturday, October 14, 2023 in the Bayada Auditorium on the 2nd floor of the Rocco Abessinio Building. This lecture is open to Neumann and PGH alumni, students, faculty, staff, parents, and the community. PGH alumnae are invited to a meet and greet continental breakfast beginning at 9:00 a.m. All are welcome to this free event; however, registration is required.

Visit www.neumann.edu/pgh or call 610-558-5544 to reserve your seat!

PGH alumnae are welcome to register for Neumann's Homecoming Festival through the complimentary OLA Hospitality Suite beginning at noon in the Bruder Life Center visit www.neumann.edu/homecoming to register today!

LeAnn Thieman, LPN, CSP

A Note from Jeanne Kiefner

Greetings to you!

Because we have not been in touch since last June, we have a lot to catch up on! I hope this letter finds you and your families well. I know people grow concerned about the lack of communication but it did take me three years to finish at PGH (a very long time ago).

...continued on back

When you look at the header of this newsletter, you might find yourself because the pretty organdy cap came with the youth. In fact, we didn't get a cap until we were approved to give medicines. Maybe you are one of the nurses in the header?

Neumann has been graciously keeping us apprised of our scholarship and how the money has been awarded to nursing students with financial needs.

We have had the most fortunate opportunity to have our PGH endowed lecture join forces with the J. Mark and Ann Claffey Baiada Professorship, allowing us to reach a bigger audience and gain national speakers that will help draw in the crowds (we hope). You may be familiar with the Baiadas as they are the founders of Baiada Home Health Care and dear friends of Neumann University.

It is nice to see PGH remembered, not only during Homecoming and at the lecture, but to know that our PGH scholarship is now helping the next generation of nurses.

I am looking forward to seeing as many of you as possible in October. We can meet before the lecture and catch up. If you have any memorabilia, feel free to bring it, as Neumann will have tables set up.

Contributions to the PGH scholarship are encouraged and welcomed by the School of Nursing and Health Sciences students. So mark your calendar for Saturday, October 14, 2023, to hear our speaker, break bread, and enjoy comradery with each of us and the Neumann community.
