Save the Date

Neumann University will host the 16th Philadelphia General Hospital (PGH) Endowed Nursing Lecture Series in collaboration with the J. Mark and Ann Claffey Baiada Professorship in Nursing & Home Health Care Program, **Mental Health and Nursing; Moving Forward.**

The lecture will be presented by Dr. John Whyte, Chief Medical Officer of WebMd, the leading source for trustworthy and timely health and medical news and information. The lecture will take place on **Saturday, October 15, 2022, at 10:00 a.m.** in the Bayada Auditorium in the Health and Science Center on Neumann's campus.

Dr. John Whyte, CMO-WebMD

PGH alumnae are invited to a meet and greet continental breakfast beginning at 9:00 a.m. in the Fireplace Lounge. All are welcome, however, registration is required. Visit alumni.neumann.edu/pgh22 or call 610-558-5544. PGH alumnae will also receive a wristband to enjoy the Homecoming lunch at 12 Noon.

A Note from Jeanne Kiefner

Greetings to you! Because we have not been in touch since last June, we have a lot to catch up on! I hope this email finds you and your families well. I know people grow concerned about lack of communication but it did take me three years to finish at PGH (a very long time ago).

When you look at the header you might find yourself because the pretty organdy cap came with the youth. In fact, we didn't get a cap until we were approved to give medicines. Are you one of the nurses in the header? Maybe you can find yourself.

Neumann has been graciously keeping us apprised of our scholarship and how the money has been awarded to nursing students with financial needs. We can look back fondly and remember our recipients of the Blockley Scholarship and the impact it had on students.

...continued on back

We have had the most fortunate opportunity to have our PGH endowed lecture join forces with the J. Mark and Ann Claffey Baiada Professorship, allowing us to reach a bigger audience and gain national speakers that will help draw in the crowds (we hope). You may be familiar with the Baiadas as they are the founders of Bayada Home Health Care and dear friends of Neumann University.

It is nice to see PGH remembered, not only during Homecoming and at the lecture, but to know that our PGH scholarship is now helping the next generation of nurses.

I am looking forward to seeing as many of you as possible in October. We can meet before the lecture and catch up. If you have any memorabilia, feel free to bring it, as Neumann will have tables set up.

Contributions to the PGH Lecture Series Fund are encouraged and welcomed by the School of Nursing students. And so mark your calendar for the Saturday in October to hear our speaker, break bread and enjoy comradery with each of us and the Neumann Staff.

Jeanne
